All our experience is a transmutation

26.4.257: unit of life

The uniqueness of each person, their difference from every other person, may be metaphysically explained as due to the effort of Infinite Mind to express itself infinitely within the finite limitation of time and space, form and appearance. 25.1.157

AD: paradoxical and Uroboric

Isn't it paradoxical and almost uroboric when we conceive of this? On the one hand, the Nous is within the soul and we are speaking of the soul as this transcendent being. On the other hand, this transcendent being has to emanate a part of itself, get involved in the World-Idea, penetrate into the depths of the World-Idea, so that it can develop prajna consciousness, penetrate into the void intelligence of the Nous, and come to a self-recognition within itself. . . . 3/9/84

A mandala represents philosophical and deific principles and their dynamic interplay by spatial and sequential arrangements.

If you make your mind into the form of deity, then the deity will be present.

A look at the horoscope would reveal 360o -- Ideas in the Nous; and in their totality can be conceived as a single entity or monad. These Ideas which are beyond-- and the reference is not spatial--are associated with certain portions of the stars and referred to as the zodiac: Universal force fields or substances that have a boundless and radiant wisdom that a sensitive reverence recognizes as a source *AD SUPP 175*

#if he really penetrates into the meaning of the events and circumstances that are going on in his life, he is getting at the quintessence of the meaning of his life to him. And I thought that this was really the fundamental purpose of astrology, that this is what astrology should help a person to understand. Never mind if he is going to meet his beloved, or if he is going to make money on the stock-market. That's all a waste of time.

From the point of view of the ancient, philosophically oriented cosmologist, the astrological mandala is a rare instance of the intellectual imagination--a symbolic reflex portraying how the Gods or Principles are involved in the fabrication of the vehicles that the individual Soul employs for its manifestation. The mandala exemplifies and embodies the knowledge of superior beings--seers--who are capable of transmitting their knowledge of how fundamental principles are operative in the individual and can be understood from his natal chart. *Anthony Damiani*

The chart makes available in its deific imagery a formulation by reason-principles of a symbolic method through which these very reason principles are being manifested. The symbolism reveals a topography of the subtle world, including those reason principles operative in the individual mind itself. --

Anthony Damiani

#... in this way astrology can be a really spiritually potent tool, so that the person could try to be aware of what significances are blossoming as his life. He's living these ideas, he is these ideas, why not try to consciously understand what is going on?
